#### Portable Camera-Mount Wireless System

Audio-Technica's System 10 Portable Camera-Mount is a digital wireless system designed to provide rock-solid performance along with easy setup and clear, natural sound quality. Featuring a compact design, System 10 Portable Camera-Mount is available in handheld, lavalier and body-pack configurations. Operating in the 2.4 GHz range, far from TV and DTV interference, System 10 Portable Camera-Mount offers extremely easy operation and instantaneous channel selection. Up to eight channels may be used together without any frequency coordination problems or group selection issues.

- Digital 24-bit/48 kHz wireless operation for ultimate sound quality and dependable performance
- 2.4 GHz range – completely free from TV interference
- Automatic frequency selection for seamless, interference-free operation
- Three levels of diversity assurance: frequency, time, & space
- $\frac{1}{8}$ " output jack with switch to select between TRS balanced and unbalanced (dual mono)
- Rechargeable internal battery on receiver
- Receiver and transmitter battery level displays
- Removable antennas
- Camera shoe mount
- $\frac{1}{8}$ " headphone jack with volume control
