

Rdy2Go®-LMC, Laptop Multimedia Cart

**Model Rdy2Go®-LMC
 Laptop Multimedia Cart**

RDY2GO-LMC multimedia presentation cart is the ideal mobile solution for multiple applications and allows you to roll it away and lock-up. Simply unpack and add a projector.

This unit comes with built in speakers and subwoofer for 360 degree sound. Just plug in your laptop for instant presentations.

This unit is ideal for educational teaching environments, business, military, corporate training environments that require shared resources, just move from room to room as needed - you are no longer tied to a single board room for presentations.

Standard Features Include:

- 360 Degree sound with Subwoofer and easily accessible Master volume control on side of cart.
- Large 25" w x 28 3/4" d work surface to accommodate laptops and presentation documents.
- Slide-out locking projector shelf.
- Locking Drawer for remotes, extension cord, etc.
- 67CFM Quiet Panasonic Cooling fan
- Locking front Acrylic door
- One adjustable and one fixed shelf inside
- Locking rear door for rear access
- Heavy duty locking casters for easy maneuvering.
- built in handles
