

ACT-707TM

Professional ACT Body Pack Transmitter

ACT-707TM is the culmination of MIPRO's professionalism. ACT-707TM's finely crafted and professionally styled housing is not the only attraction. World's first ACT™ function and extremely low handling-noise are added to make sure ACT-707TM acts like a true professional microphone. Professional lavalier and headset microphones are standing by to perfect the performance of ACT-707TM.

Key Features

- Magnesium alloy housing gives it the durability expected of a truly professional.
- ACT function enables rapid, easy and precise setup of transmitter frequency.
- Proprietary "Photo-Cell Coupling" high dynamic range and high fidelity modulation circuitry.
- Selectable impedance switch for microphone or guitar.
- LCD panel clearly and simultaneously displays vital information during operation.
- 2 AA batteries last up to 12 hours (alkaline).

Specifications
